WATSON REALTY CORP LAUNCHES MOBILE SEARCH FOR HOMES FROM YOUR CELL PHONE

Ed Forman, President Watson Realty Corp. states “Watson knows that convenience is important to home buyers and we’ve found a way to make it even more convenient”. Watson Realty Corp. partnered with Smarter Agent®, the nation’s leader in mobile real estate technology, to provide this service to all of its customers! Your cell phone can now be turned into the ultimate home hunting tool – Real Estate Information Anytime, Anywhere!

This mobile application is called *Homes For Sale* and can be downloaded to just about any cell phone. Watson’s customers can be in any neighborhood and view detail home information at the touch of a button. The GPS technology can pull up addresses and information on listings in that immediate area, including price, square footage and other features including photos! Consumers can search for homes in a different location by address, community, city or zip code other than their current location or when GPS is not available.

If you want more information or want to see the property, you press “call to see” and you’ll immediately be put in touch with a Watson Realtor® who can help you – with any listing.

It’s easy to use and best of all – FREE for most phones. All you have to do is go to our website, www.WatsonRealtyCorp.com and click on **Watson Mobile Search**. Then just type in your cell phone number, wireless carrier name and phone type, and the application will be sent to your phone by text message. Just click on it and the application downloads right away.

If you are already working with a Watson real estate professional, ask them to send you the link and you’ll connect through them. Then you’ll be able to let them know what you find in real time and obtain immediate answers.

Over 130 different models of phones on Sprint, AT&T, T-Mobile, and Verizon are able to access this application and it works on the Blackberry World, Curve, Pearl, Pearl Flip, and the iPhone.

Smarter Agent® invented and patented mobile, location-triggered real estate search. Watson Realty Corp has been serving its customers since 1965. We're proud to be able to continue our mission of Legendary Quality Service by providing our customers the newest and best technology available providing **Real Estate Information Anytime, Anywhere!**
